First Event Oschersleben

Teampicture - Oschersleben

Last weekend, the first racing event of the IDM 2025 took place in Oschersleben. The Triumph Germany Racing Team competed with #1 Oliver Svendsen and #87 Anton Södergren in the Sportbike Open and with Inigo Iglesias in the Supersport 600 Next Generation. We send a big thank you to our partners. We would also like to thank the many fans.

Sportbike Open

What a finish, what a race! #1 Oliver Svendsen crowns an already successful IDM debut with a spectacular double victory in the new sportbike class of the International German Motorcycle Championship (IDM) in Oschersleben. After a dramatic race on Sunday, the Dane also took victory in the second race - by a razor-thin margin of just 0.03 seconds ahead of Petr Svoboda. #87 Anton Södergren had bad luck in the first race and crashed. In the second race, he was able to improve his pace and finished in tenth position.

In the championship, #1 Oliver Svendsen leads confidently. #87 Anton Södergren is in fourteenth position in the championship. An entry as one would imagine.

The mechanics team around the sportbike project has delivered excellent work and was able to gradually improve performance in coordination with the riders.

Inigo Iglesias

Many Thanks
