

# TRIUMPH RACING

## Invitation to the finale in Hockenheim!

Dear partners, we would like to thank you in advance for your support this season. Together we have managed to complete a very successful season so far. After a turbulent start, we were able to lead the championship until the final Nürburgring weekend and dominate with Oliver Svendsen. A crash in practice and the resulting injury unfortunately forced him to miss two races. This left Oliver without a chance to fight for those potential 50 points.

Despite missing these 50 points, the Triumph Germany Racing Team with Oliver Svendsen is in second place in the championship, just five points behind first place.

An exciting finale is expected.

**Oliver Svendsen:** Oliver is still limited by his injuries. Together, we want to use the two remaining races at the finale in Hockenheim to collect the points needed to win the championship. That is our clear goal. We want to proudly present the number 1 on the starting grid again next season.

**Anton Södergren:** We are very sorry to inform you that Anton Södergren will not be able to ride his Triumph Daytona 660 at the season finale in Hockenheim. Anton is currently still recovering from a broken foot sustained during motocross training. If he is able to travel, he would like to support the team at the season finale. The entire team wishes him a speedy recovery and looks forward to welcoming him back to the team.

The team is in discussions with possible replacement drivers for the season final at Hockenheim.
