Hockenheim finals 2025 #1 Oliver Svendsen runner-up

With the runner-up title for #1 Oliver Svendsen and fourteenth place overall for #87 Anton Södergren, the team concluded the 2025 season in the Sportbike class. They were just five points away from winning the championship.

Despite a very good 45 points haul in two races, Oliver remained in second place. The speed the team, together with **Oliver Svendsen**, showed in the first half of the season was worthy of a championship. Oliver entered the summer break with a 40-point lead over first place. The injury he sustained during testing during the summer break unfortunately cost him and the team the championship win.

Anton Södergren also improved significantly over the first half of the season. It was his first season in the new class and he was unfortunately unable to participate in the last four races of the season. He, too, suffered a series of injuries and had to make an early change to his season. The healing process will continue throughout the winter. He suffered a complicated foot fracture during MX training. He concludes his 2025 season with 14th place overall in the championship. Anton provided the team with mental support throughout the final weekend in Hockenheim; he's a true team player. Thank you very much.

A big thank you also goes to Sasha de Vits. As Anton Södergren's stand-in driver, he performed excellently. As pole-sitter, he had the speed to challenge for the win. He is known as a fair racer and proved it by staying out of the battles between the championship contenders. What a sportsman.

After the finale in Hockenheim, team members and drivers are taking a breather before planning for the 2026 season begins in mid-November. The goal is to compete in the European Championship next year. Drivers and team are already in intensive discussions and have shared goals. Many partners have also pledged their support for the expansion of the project.

To our partners and supporters! We would like to extend a huge thank you to you. Without you, such a successful season would not have been possible.

Thank you so much!!

With this press release, we are taking a short break and will inform you about our plans for the 2026 season soon.

Thank you very much.
